FIG. 12.

Term	Definition	Used by	Lines	Inventory	Outgoing	Linked	Applicable	Functional	Position
WATER LINE SOURCE CODE	The short textual description of a specific water line (for an aircraft) on an airframe.	WATER LINE...	1	0	0	1	1	0.02050543794469	1
ACQUISITION SOURCE CODE	This attribute is a code identifying the acquiring source from which the component was added.	ACQUISITION...	2	0	0	1	1	0.02050543794469	2
WORKING TOGETHER PARTNER	This attribute is the Boeing assigned identifier for an enterprise that deals with aircraft in some...	COMPONENT...	3	0	0	1	1	0.02050543794469	3
BUSINESS CODE	This attribute identifies the data a three-letter BUSINESS CODE (descriptor) is changed.	AIRPLANE CO...	8	0	0	1	1	0.02050543794469	8
MAINTENANCE ACTION TYPE	This attribute identifies the short name for the working together partner for reporting purposes.	BUSINESS COO...	1	0	0	1	1	0.0161271363279459	1
MAINTENANCE ACTION TYPE	A code that tracks changes to the status of an aircraft.	WTP MEMBER...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	This attribute is a code identifying the type of maintenance facility performing the shop maintenance.	AIRPLANE STA...	2	0	0	1	1	0.02050543794469	2
MAINTENANCE ACTION TYPE	Textual description of an action taken to perform a specific maintenance activity.	MAINTENANCE...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	This is the validation code for a specific action taken to perform a specific maintenance activity.	MAINTENANCE...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	Describe the transaction type code.	MAINTENANCE...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	This attribute is an abbreviation for the transaction name.	AIRPLANE STA...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	Textual description, for reporting purposes, of an action taken to perform a specific maintenance...	MAINTENANCE...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	A code identifying the specific location (on an aircraft) for a particular water line on the airframe.	WATER LINE...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	This attribute defines the date for the transaction at the end of the reporting period.	WATER LINE...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	The long textual description of a specific water line (for an aircraft) on an airframe.	WATER LINE...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	A number defining the ending waterline, within a range, for a particular aircraft model, which...	AIRPLANE STR...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	This attribute describes the type of maintenance facility performing the shop maintenance.	MAINTENANCE...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	Identifies the ending supplemental information, within a specific range, related to a presuma...	AIRPLANE STR...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	This attribute defines the nomenclature of the part and is the longer version.	FOCUSED PART...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	A number that defines a specific ending buttock line, within a range, where damage was found...	AIRPLANE STR...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	A code defining the specific ending section of an aircraft according to manufacturing plans.	LINE ACTIVITY...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	This attribute is the description of a code identifying the type of line activity being performed.	MAINTENANCE...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	The side of the aircraft, in relation to the ending buttock line, where the damage was located...	MAINTENANCE...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	This is the percentage of the identified maintenance actions to the total schedule interruption...	MAINTENANCE...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	Identifies a specific stringer for a specific aircraft model for a particular aircraft.	AIRPLANE STR...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	Identifies the ending maintenance zone for a particular aircraft model series type.	AIRPLANE STR...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	Identifies a specific ending stringer, within a range, for a specific aircraft for a particular area...	SYSTEM COMP...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	This attribute is a brief abbreviation of the description of a type of aircraft component.	SYSTEM COMP...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	This attribute is a unique sequential system assigned identifier for a specific maintenance acti...	SYSTEM COMP...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	This attribute is the textual long description for a particular type of aircraft component.	FOCUSED PART...	3	0	0	1	1	0.02050543794469	3
MAINTENANCE ACTION TYPE	The data that a status change or statistics entry was recorded.	MAINTENANCE...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	A code that identifies which side of the aircraft the specific stringer is located.	AIRPLANE STR...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	A code that identifies which side of the aircraft the specific stringer is located.	AIRPLANE STR...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	This attribute identifies the serial number assigned to the model number identifying customer...	AIRPLANE CO...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	This attribute describes the primary division of the various systems of the aircraft.	OPERATOR ATA...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	This attribute identifies the code of the base of operations for a Boeing field representative re...	BUSINESS...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	The attribute identifies a vendor / provider of an aircraft component as established by the del...	SUPPLIER...	11	0	0	1	1	0.02050543794469	11
MAINTENANCE ACTION TYPE	Identifies the supplemental information specific to a prescheduled maintenance zone for a spec...	AIRPLANE NO...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	Uniquely identifies commercial and military airports.	STATION...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	The attribute represents a set of physical, functional and performance requirements for a com...	SPECI...	2	0	0	1	1	0.02050543794469	2
MAINTENANCE ACTION TYPE	The attribute identifies the nomenclature of the part and is the shorter version of the name us...	FOCUSED PART...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	The attribute is a code identifying the location of the shop that has done the repair work.	SHOP INJECT...	2	0	0	1	1	0.02050543794469	2
MAINTENANCE ACTION TYPE	This attribute describes the affected aircraft area down to the sub-system level.	AIRPLANE CO...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	The attribute contains the city, state and zip code information associated with a particular ven...	SHOP SOURCE...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	The attribute contains the street address information associated with a particular ven...	SUPPLIER...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	The attribute describes the repair location code.	SHOP REPAIR...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	The number of lines an aircraft flies from one destination to the same or some other destina...	OPERATOR ATA...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	The attribute describes a combination of inter-related components arranged to perform a spec...	SHOP INJECT...	2	0	0	1	1	0.02050543794469	2
MAINTENANCE ACTION TYPE	The code that identifies where the repair for the part was done.	SHOP MAINT...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	The attribute describes the code identifying the type of shop maintenance activity relating to...	SHOP MAINT...	2	0	0	1	1	0.02050543794469	2
MAINTENANCE ACTION TYPE	The attribute is a code identifying the type of shop maintenance activity performed prior to th...	SHOP MAINT...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	This attribute describes the number of lines an aircraft flies from one destination to the same...	SHOP MAINT...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	This attribute is the mechanic's comments about a shop action.	OPERATOR ATA...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	This attribute describes a combination of inter-related components arranged to perform a spec...	SUPPLIER...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	The attribute contains narrative text in the form of a note that provides supplemental informa...	ACQUISITION...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	This entry contains information about a provider of aircraft components (parts) used by an ai...	COMPONENT...	1	0	0	1	1	0.02050543794469	1
MAINTENANCE ACTION TYPE	This attribute indicates that the isolated component is associated with an item number (define s...	SUPPLIER...	1	0	0	1	1	0.02050543794469	1
